**Quick Start Guide for FreeStyle Libre 2 Reader**

---

**Get Ready**

**STEP 1**
Select site on **back of upper arm**. Do not use other sites as these may result in inaccurate glucose readings. **Note:** Avoid scars, moles, stretch marks, lumps, and insulin injection sites. To prevent skin irritation, rotate sites between applications.

**STEP 2**
Wash site using a plain soap, dry, and then clean with alcohol wipe. Allow site to air dry before proceeding.

**STEP 3**
Peel lid completely off Sensor Pack. Unscrew cap from Sensor Applicator. **CAUTION:** Sensor codes must match on Sensor Pack and Sensor Applicator or glucose readings will be incorrect.

---

**Prepare Sensor Applicator**

**STEP 4**
Line up dark mark on Sensor Applicator with dark mark on Sensor Pack. On a hard surface, press down firmly on Sensor Applicator until it comes to a stop.

**STEP 5**
Lift Sensor Applicator out of Sensor Pack.

**STEP 6**
Sensor Applicator is ready to apply Sensor. **CAUTION:** Sensor Applicator now contains a needle. Do not touch inside Sensor Applicator or put it back into Sensor Pack.

---

**Apply Sensor**

**STEP 7**
Place Sensor Applicator over site and push down firmly to apply Sensor. **CAUTION:** Do not push down on Sensor Applicator until placed over prepared site to prevent unintended results or injury.

**STEP 8**
Gently pull Sensor Applicator away from your body.

**STEP 9**
Make sure Sensor is secure. Discard used Sensor Applicator and Sensor Pack according to local regulations.

---

**Setup Overview**

Refer to your User’s Manual for full System instructions and information.
**Start new Sensor with Reader**

**STEP 1**
Press Home Button to turn on Reader. **Note:** If using Reader for the first time, follow the prompts to set date and time.

**STEP 2**
Touch **Start New Sensor**. Hold Reader within 1.5 inches (4 cm) of Sensor to scan it. **Note:** Before you start your Sensor, choose which device you want to use. If you start the Sensor with the Reader, you will be unable to use the App to check your glucose or receive alarms.

**STEP 3**
Review the important information on the screen. Sensor can be used to check your glucose after 60 minutes.

**Check your glucose**

**STEP 1**
Press Home Button to turn on Reader.

**STEP 2**
Hold Reader within 1.5 inches (4 cm) of Sensor to scan it.

**STEP 3**
Reader shows your glucose reading. This includes your Current Glucose, Glucose Trend Arrow, and Glucose Graph.

**Setting Alarms**
The Sensor automatically communicates with the Reader and can give you glucose alarms. Alarms are on by default. To change their settings or turn alarms off, follow these steps. **IMPORTANT:** Glucose alarms are an important safety feature. Please consult your health care professional before making changes.

**STEP 1**
Press Home Button to go to Home Screen. Touch .

**STEP 2**
Touch **Alarms** and then touch **Change Alarm Settings**.

**STEP 3**
Select and set your alarms. Touch done to save.

**Using Alarms**
You must scan your Sensor to see your glucose reading.

**Symbol**
- **Sound and Vibration ON**
- **Sound and Vibration OFF**
- **Sensor communicating with Reader**
- **Sensor not communicating with Reader**

**When any alarm is on, sound/vibration and signal status display on the Home Screen.**

- Dismiss Alarm & Check Glucose
- Touch Yes to dismiss alarm. Touch Yes or press the Home Button to dismiss alarm and scan the Sensor.

**High Glucose Alarm**
- Dismiss Alarm & Check Glucose

**Signal Loss Alarm**
- Scan Sensor now?
- No
- Yes

**Glucose Going Low**
2pm 6pm 10pm

**Glucose from your latest scan**

**Glucose Graph**
Graph of your current and stored glucose readings

**Message**
- Touch for more information

**Glucose Trend Arrow**
- What it means:
  - Glucose rising quickly
  - Glucose rising
  - Glucose changing slowly
  - Glucose falling
  - Glucose falling quickly

**Glucose Going Low**

**Low Glucose 70 mg/dL**

**High Glucose 240 mg/dL**

**Signal Loss On**

**Change Alarm Settings**

**Change Alarm Settings**

**Refer to User’s Manual for additional symbols.**

If you have followed the instructions described in the User’s Manual and are still having difficulty setting up your System or if you are not sure about a message or reading, contact your health care professional.
